**RESPONSE**

Sir:

This is in response to the Office Action mailed this last June 21, 2005. A response is due this July 21, 2005. It is believed that no fee is due at this time to maintain the application in full force and effect. However, if any such fee is due, please charge this to Deposit Account No. 08-3260.

**REMARKS**

In the last office action, it was required that an election be made between claims 1-19 which relate to gripping apparatus and claim 20 which relates to a method of assisting the fisherman in gripping the rod. The Applicant provisionally elects claims 1-19 drawn to the gripping apparatus. The restriction requirement is hereby traversed. It is believed that the subject matter of the apparatus and the method are sufficiently close that a search of these would overlap substantially and prosecution of the application overall in terms of effort of the patent examiner and also the

Applicant's attorney would be reduced by handling these together in this application.

If there is any matter which could be expedited by consultation with the Applicant's attorney, such would be welcome. The Applicant's undersigned attorney can normally be reached at the telephone number set forth below.

Signed at Bellingham, County of Whatcom, State of Washington this July 1, 2005.

Respectfully submitted,  
JIM HARKEY,
